

ACCESSORY

COOLING PLATE

for **MAURER** Pyrometers

Series KTRD 4000 and QKTRD 4000

Heat can't harm our pyrometers: The **MAURER** cooling case encloses the whole pyrometer and protects the electronic interior against high ambient temperatures. It is perfectly suitable for air and water cooling.

Cooling plate, installed to compact pyrometer and as individual part

Technical Data

Dimensions – without connection pieces	60 x 75 x 15 mm
Weight – without pyrometer	ca. 160 g
Connection	Hose connection, Ø 6 mm
Permitted coolant mediums	Processed compressed air, water, coolant
Material	Aluminium
